American Potteries Company
Is a Reality.

NEW YORK BANKERS NAMED

is the Document as Incorporators—Colonel Taylor is in New York—something about the Men Who Are Behind the gigantic Corporation.

As was announced exclusively in the NEWS REVIEW yesterday, the American Potteries' company is now a reality, and the negotiations that have long been in progress have resulted in the combination of interests so earnestly desired by manufacturing potters. The following press dispatch tells the story:

"Articles of incorporation of the American Potteries' company, with an authorized capital of \$27,000,000, were filed today with the secretary of state. One-half the stock is to be preferred, with 7 per cent dividends, and the remainder common. The incorporators are: Charles H. King and E. F. Charles, of Jersey City, and T. Frank Farrell, of New York."

Col. John N. Taylor, of this city, who will be president of the great company, has been in New York since last Saturday, and had not arrived home this morning. He has been aiding in the final arrangements for the organization of the company.

It has been known for several days that Promotor Tapscott had succeeded in obtaining the number of potteries required by his calculations to make the company a success, and interested parties so fortunate as to know the particulars have been anxiously awaiting the announcement that the company had been chartered. However, they kept their own counsel and even today had nothing to say.

John R. Dosperos, a famous attorney of New York who has made millions from the practice of his profession, is a leading spirit in the enterprise, and represented the stock at the conference held in New York a few weeks ago. He is a shrewd business man, and was well acquainted with the subject in hand when he talked with local manufacturers concerning the price they had put on their plants. The men mentioned as being the organizers of the company, those to whom the charter was granted, are bankers of New York City, who have money in the project.

From the best information obtainable it is learned that the company will take charge of all plants in the combination the first of the year, and business will be pushed from the start. A meeting will be held soon afterward, and the directors will be chosen. There are several opinions as to the representation of East Liverpool on the board, but it is thought the president and one other manufacturer will make up the number. The directors will elect officers, and as soon as possible they will enter upon their duties. Every pottery in town has orders on hand, and the business can go on without interruption.

N. A. Frederick, of the Globe, and Monroe Patterson, of the East Liverpool, returned from the east this morning. When questioned about the trust, Mr. Patterson said:

"We have not been in New York for several days, but went down to Washington to see if we could not trade some of our stock for a Philippine island, but the President seemed to have divined our intentions, for he left the day before for Atlanta."

THE LAUGHLIN IN.

Its Representatives This Afternoon Signed the Papers Placing it in the Trust.

The Laughlin China company, whose representatives have been in New York since yesterday conferring with the trust promoters today signed the necessary papers, and that plant is now a part of the big company.

Negotiations were also closed with the Croxall company.

A Train Wrecked.

The broken axle of a freight car at

tached to train 88, east bound, caused a slight wreck near the Harker pottery this morning. The wreck train from Wellsville was called out and the track was cleared within a short time.

SPOILED THE SHOW.

The Professor Forgot His Part of the Business.

A short time ago a young man of the city became convinced that he was endowed with mesmeric powers, and after searching for some time for a backer at last secured one and his company began business.

The young man who was to act as hypnotist was heralded as Professor Killy, and his wonderful powers were advertised as extraordinary feats. A short trip was arranged, and the show began business in Irondale under the most flattering conditions, but it came to grief at once.

The doors were opened at the proper time, but a small crowd appeared, and although the management saw they would make no money it was decided to go ahead with the performance. Several subjects were procured from the audience and the professor prepared to hypnotize them, but his powers had fled and try as he would he was unable to mesmerize a person.

The show was at once pronounced a failure by the audience, and the professor and his backer lost no time in returning to this city with the remnants of their theatrical venture.

GO TO THE MAYOR.

If You Have a Complaint Take It to the Authorities.

MR. EDITOR:—I notice in the REVIEW different articles in regard to selling liquor on Sunday, gambling, etc.

The writer of this article believes that there is some of this work going on, but he has no positive proof of the matter. If he had, or if he knew that this well posted lady and this prominent business man claim to know, he would not publish it in a city paper, but he would go direct to the mayor or some of his police force and give them what information he had.

We believe the mayor and at least a majority of the police force are honestly endeavoring to do their official duty. Why should not all honest, fair minded citizens give them that aid and encouragement that they justly deserve?

The writer did not vote for C. F. Bough for mayor. He is a straight out Republican in politics, believing in honest, clean government, and in fair dealing with his fellow man, and therefore writes in saying "Turn on the light." Yes, turn on the SEARCH LIGHT.

JUSTICE.

APPROVED THE VERDICT.

The Judge Who Sentenced Walker Refused to Review the Case.

In sentencing Fleet Walker, the Wellsville B-laire mail agent who was convicted at Columbus of opening letters, to serve one year in the Miami county jail and pay the cost of prosecution, the presiding judge remarked that he approved of the verdict and refused to enter upon a review of the case or advise the defendant of the consequences of wrong doing, merely stating the sentence imposed. Walker received the sentence without evidence of dissatisfaction and was placed in the Miami jail last night.

His family will make an effort to collect enough money to pay the costs in the case.

MANY DOLLARS

Have Been Spent by the Department Cutting Ice.

The street department has been much annoyed during the past few days because of ice in gutters, and no little money has been spent in cutting it out.

If the ice is not removed water flows over it, particularly on the hill streets, and the result is additional expense in keeping the paving clear. Almost all the gutters in the city are now open.

For a New Hotel.

The Knowles, Taylor and Knowles company this morning made a large shipment of ware to the Hotel Schenley at Pittsburgh. The plates are highly decorated, and in the center is a monogram of the hotel.

Received Supplies.

A shipment of supplies, to be used in the Babcocks at the Central fire station, was received by Chief Morley this morning. They were sent from Pittsburgh.

SPOKE TO STUDENTS.

President Visited Booker T. Washington's School.

GOING TO MONTGOMERY TODAY.

A Grand Banquet at Atlanta, at Which Notable Men Spoke—Portion of the President's Address to the Public at the Auditorium.

TUSKEGEE, Ala., Dec. 16.—President McKinley and party arrived here this morning. The president addressed the students of the colored school that is presided over by Prof. Booker T. Washington. Later the party left for Montgomery, Ala., where they are to be the guests of the legislature and governor.

ATLANTA, Dec. 16.—The president received a number of di-patches from prominent men in all parts of the country, commending in hearty terms, his utterances Wednesday to the effect that the time had come for the nation to secure the care of the graves of the Confederate soldiers.

In the beautifully decorated dining-room of the Kimball House, last night, the Atlanta peace jubilee, which brought to this city the president of the United States, several members of his cabinet and many distinguished figures of the war with Spain and resulted in utterances by the executive which have cemented hard and fast the bonds between the north and south was brought to a fitting close by an elaborate banquet. Covers were laid for 300.

Lon. Clark Howell was toastmaster. The speakers were: President McKinley, Secretary Long, Major General Snafier, Hon. George R. Peck, Hon. Stephen O'Meara, Secretary Gage, General Wheeler, General Young, Secretary Smith, Governor Johnston, Mayor Warwick of Philadelphia, Congressman Settle and Richmond P. Hobson.

President McKinley, in his speech at the auditorium, Thursday, said in part: "Other parts of the country have had their public thanksgiving and jubiles in honor of the historic events of the past year, but nowhere has there been greater rejoicing than among the people here, the representatives of the south. I congratulate them upon their accurate observation of events, which enabled them to fix a date upon which insured them the privilege of being the first to celebrate the signing of the treaty of peace by the American and Spanish commissioners. Under hostile fire on a foreign soil, fighting in a common cause, the memory of old sacrifices has faded into history. From camp and campaign there came the magic healing which has closed ancient wounds and effaced their scars. For this result every American patriot will forever rejoice. It is no small indemnity for the south."

This government has proved itself invincible in the recent war, and out of it has come a nation which will remain indivisible forever more. No wondrous contributions have been made in patriotism and in men than by the people of these southern states. When at last the opportunity came they were eager to meet it and with promptness responded to the call of country. Intrusted with the able leadership of men dear to them, who had marched with their fathers under another flag now fighting under the old flag again, they have gloriously helped to defend its spotless folds and added new luster to its shining stars. That flag has been planted in two hemispheres and there it remains, the symbol of liberty and law, of peace and progress. Who will withdraw it from the people, over whom it floats in protecting folds? Who will haul it down?

We could have avoided all the difficulties that lie across the pathway of the nation if a few months ago we had coldly ignored the pitiful appeals of the starving and oppressed millions of Cuba. If we had blinded ourselves to the conditions so near our shores and turned a deaf ear to our suffering neighbors, the issue of territorial expansion in the Antilles and the East Indies would not have been raised.

But could we have justified such a course? Is there any one who would now declare another to have been the better course? With less humanity and less courage on our part, the Spanish flag, instead of the Stars and Stripes, would still be floating at Cavite, at Ponce and at Santiago, and a change in the race of men would be waiting to millions of human beings who today call this nation home, and who, I trust, will live to call it blessed.

Thus far we have done our supreme duty. Shall we now, when the victory won in war is written in the treaty of peace and the civilized world applauds and awaits in expectation, turn timidly away from the duties imposed upon the country by its own great deeds, and when the mists fade and we see with clearer vision, may we not go forth rejoicing in a strength which has been employed solely for humanity and always been tempered with justice and mercy, confident of our ability to meet the exigencies which await us, because confident that our course is one of duty and our cause that of right?

General Wheeler was given a great ovation. He eulogized the president and expressed his pleasure at the reception given to Mr. McKinley by Georgia. Lieutenant Hobson responded to ovals with an impassioned speech, in which he drew the attention of his hearers not only to the bravery of the American soldiers and sailors, but to the cowardly and treachery of the enemy, especially of Admiral Cervera.

Generals Snafier and Lawton scarcely more than bowed their acknowledgements to the plaudits and the meeting closed with a short speech from Governor Johnston of Alabama.

The presidential party then drove back to their hotel. On the way the carriage in which were Generals Snafier and Lawton was run into by a street car and the two distinguished officers were thrown to the street, but neither was hurt. A public reception at the

governor's mansion had to be postponed on account of the lateness of the auditorium affair.

The Georgia legislature adopted resolutions commending the president's speech referring to federal care of Confederate dead. The resolutions approve President McKinley's course in the Spanish war.

H. A. Keffer, in speaking of the hospital fund, this morning said:

"We have now about \$200 in the fund, and every day is adding something to it. Should favorable work be done during the winter it is very probable that a hospital will be built in this place next summer."

Another Hudson Rumor.

The Pittsburg and Cincinnati packet Hudson, will enter the trade as soon as there is sufficient water. It was the intention of its owners to start the boat several weeks ago, but as it was leased by another line, the plans were not carried out.

Illinois Soldiers Breakfasted Spanish Guards.

MUTUAL COMPLIMENTS BY SIGNS.

Two Battalions of the Second Illinois Regiment Marched to Quemados Camp. Girls Placed Ribbons on the Soldiers and Wreathed Their Hats With Flowers.

HAVANA, Dec. 16.—While a detachment of the Second Illinois regiment was at breakfast on the San Jose wharf the men invited a detachment of the Spanish guard to join them. The invitation was declined at first, but finally accepted, mutual compliments passing in sign language.

Two battalions of the regiment marched to Quemados camp. From the houses along the route girls ran out to pin ribbons on the soldiers and to wreath their hats with flowers. General Lee's headquarters, an old mansion in the center of beautiful grounds, the women filled with roses.

ARMY REORGANIZATION HEARING.

Egan's Snap at the Adjutant General's Office—Ludington heard.

WASHINGTON, Dec. 16.—Before the military affairs committee of the house, at the hearing on the Hull army reorganization bill, Quartermaster General Ludington gave his views of the requirements of his office for an army of 100,000 men. He thought the men who had borne the heat and burden of the day in the regular army should be given preference in promotions over civilians and volunteers.

Congressman Cox of Tennessee observed that there had not been any "heat and burden" for the regulars for 30 years past.

Commissary General Egan gave his views. He was convinced an army of 100,000 men needed 62 officers in his department. Feeding the soldiers well he considered the first duty of the government. He did not understand why the adjutant general's office put the number at only 48. "It was done there," he said, "by some geometrical method that I cannot understand."

SAID FILIPINOS WOULD RESIST.

Agoncillo Says We Can Take Islands Only by Their Vote.

LONDON, Dec. 16.—Agoncillo, the representative of Aguinaldo, sails for New York on Saturday, as he alleges, "to resume his duties as representative of the Filipino government at Washington."

In an interview he said in part: "The only portion of the Spanish-American treaty which we are concerned in is the cession of the Philippines, which is illegal, as the Spaniards lost their sovereignty over the islands and the Americans cannot dispose of the future of the archipelago without consulting the Filipinos. Their consent, by popular vote, is necessary. As universal suffrage forms the basis of the American constitution, the United States cannot carry out this measure." He said the Filipinos would resist anything short of independence.

Proving Dubbs an Imbecile.

STEEBENVILLE, Dec. 16.—The defense in the Dubbs murder trial is proving a strong case of imbecility for the accused. Dr. W. H. DONS THEIR GUESTS.

Illinois Soldiers Breakfasted Spanish Guards.

MUTUAL COMPLIMENTS BY SIGN.

Two Battalions of the Second Illinois Regiment Marched to Quemados Camp. Girls Pinned Ribbons on the Soldiers and Wreathed Their Hats With Flowers.

HAVANA, Dec. 16.—While a detachment of the Second Illinois regiment was at breakfast on the San Jose wharf the men invited a detachment of the Spanish guard to join them. The invitation was declined at first, but finally accepted, mutual compliments passing in sign language.

Two battalions of the regiment marched to Quemados camp. From the houses along the route girls ran out to pin ribbons on the soldiers and to wreath their hats with flowers. General Lee's headquarters, an old mansion in the center of beautiful grounds, the women filled with roses.

ARMY REORGANIZATION HEARING.

Egan's Slap at the Adjutant General's Office—Ludington heard.

WASHINGTON, Dec. 16.—Before the military affairs committee of the house, at the hearing on the Hull army reorganization bill, Quartermaster General Ludington gave his views of the requirements of his office for an army of 100,000 men. He thought the men who had borne the heat and burden of the day in the regular army should be given preference in promotions over civilians and volunteers.

Congressman Egan of Tennessee observed that there had not been any "heat and burden" for the regulars for 30 years past.

Commissioner General Egan gave his views. He was convinced an army of 100,000 men needed 62 officers in his department. Feeding the soldiers well he considered the first duty of the government. He did not understand why the adjutant general's office put the number at only 48. "It was done there," he said, "by some geometrical method that I cannot understand."

SAID FILIPINOS WOULD RESIST.

Agoncillo Says We Can Take Islands Only by Their Vote.

LONDON, Dec. 16.—Agoncillo, the representative of Aguinaldo, sails for New York on Saturday, as he alleges, "to resume his duties as representative of the Filipino government at Washington."

In an interview he said in part: "The only portion of the Spanish-American treaty which we are concerned in is the cession of the Philippines, which is illegal, as the Spaniards lost their sovereignty over the islands and the Americans cannot dispose of the future of the archipelago without consulting the Filipinos. Their consent, by popular vote, is necessary. As universal suffrage forms the basis of the American constitution, the United States cannot carry out this measure." He said the Filipinos would resist anything short of independence.

Proving Dubbs an Imbecile.

STREUVILLE, Dec. 16.—The defense in the Dubbs murder trial is proving a strong case of imbecility for the accused. Dr. W. H. Nelson stated that Dubbs told him in jail that he confessed to murdering the girl to get in somewhere out of the cold; that he could get enough to eat there, and he did not always get enough food outside.

EVENING NEWS REVIEW.

14TH YEAR. NO. 161.

EAST LIVERPOOL, O., FRIDAY, DEC. 16, 1898.

TWO CENTS

TOOK OUT THE CHARTER

American Potteries Company
Is a Reality.

NEW YORK BANKERS NAMED

in the Document as Incorporators—Colonel Taylor is in New York—something about the Men Who Are Behind the Gigantic Corporation.

As was announced exclusively in the NEWS REVIEW yesterday, the American Potteries' company is now a reality, and the negotiations that have long been in progress have resulted in the combination of interests so earnestly desired by manufacturing potters. The following press dispatch tells the story:

"Articles of incorporation of the American Potteries' company, with an authorized capital of \$27,000,000, were filed today with the secretary of state. One-half the stock is to be preferred, with 7 per cent dividends, and the remainder common. The incorporators are: Charles H. King and E. F. Charles, of Jersey City, and T. Frank Farrell, of New York."

Col. John N. Tavor, of this city, who will be president of the great company, has been in New York since last Saturday, and had not arrived home this morning. He has been aiding in the final arrangements for the organization of the company.

It has been known for several days that Promotor Tapscott had succeeded in obtaining the number of potteries required by his calculations to make the company succeed, and interested parties so fortunate as to know the particulars have been anxiously awaiting the announcement that the company had been chartered. However, they kept their own counsel and even today had nothing to say.

John R. Dospesos, a famous attorney of New York who has made millions from the practice of his profession, is a leading spirit in the enterprise, and represented the stock at the conference held in New York a few weeks ago. He is a shrewd business man, and was well acquainted with the subject in hand when he talked with local manufacturers concerning the price they had put on their plants. The men mentioned as being the organizers of the company, those to whom the charter was granted, are bankers of New York City, who have money in the project.

From the best information obtainable it is learned that the company will take charge of all plants in the combination the first of the year, and business will be pushed from the start. A meeting will be held soon afterward, and the directors will be chosen. There are several opinions as to the representation of East Liverpool on the board, but it is thought the president and one other manufacturer will make up the number. The directors will elect officers, and as soon as possible they will enter upon their duties. Every pottery in town has orders on hand, and the business can go on without interruption.

N. A. Frederick, of the Globe, and Monroe Patterson, of the East Liverpool, returned from the east this morning. When questioned about the trust, Mr. Patterson said:

"We have not been in New York for several days, but went down to Washington to see if we could not trade some of our stock for a Philippine island, but the President seemed to have divined our intentions, for he left the day before for Atlanta."

THE LAUGHLIN IN.

Its Representatives This Afternoon Signed the Papers
Placing it in the Trust.

The Laughlin China company, whose representatives have been in New York since yesterday conferring with the trust promoters today signed the necessary papers, and that plant is now a part of the big company. Negotiations were also closed with the Croxall company.

A Train Wrecked.
The broken axle of a freight car at-

tached to train 88, east bound, caused a slight wreck near the Harker pottery this morning. The wreck train from Wellsville was called out and the track was cleared within a short time.

SPOILED THE SHOW.

The Professor Forgot His Part of the Business.

A short time ago a young man of the city became convinced that he was endowed with mesmeric powers, and after searching for some time for a backer at last secured one and his company began business.

The young man who was to act as hypnotist was heralded as Professor Killy, and his wonderful powers were advertised as extraordinary feats. A short trip was arranged, and the show began business in Irondale under the most flattering conditions, but it came to grief at once.

The doors were opened at the proper time, but a small crowd appeared, and although the management saw they would make no money it was decided to go ahead with the performance. Several subjects were procured from the audience and the professor prepared to hypnotize them, but his powers had fled and try as he would he was unable to mesmerize a person.

The show was at once pronounced a failure by the audience, and the professor and his backer lost no time in returning to this city with the remnants of their theatrical venture.

GO TO THE MAYOR.

If You Have a Complaint Take It to the Authorities.

MR. EDITOR:—I notice in the REVIEW different articles in regard to selling liquor on Sunday, gambling, etc.

The writer of this article believes that there is some of this work going on, but he has no positive proof of the matter. If he had, or if he knew that this well posted lady and this prominent business man claim to know, he would not publish it in a city paper, but he would go direct to the mayor or some of his police force and give them what information he had.

We believe the mayor and at least a majority of the police force are honestly endeavoring to do their official duty. Why should not all honest, fair minded citizens give them that aid and encouragement that they justly deserve?

The writer did not vote for C. F. Bough for mayor. He is a straight out R-publican in politics, believing in honest, clean government, and in fair dealing with his fellow man, and therefore unites in saying "Turn on the light." Yes, turn on the SEARCH LIGHT.

JUSTICE.

APPROVED THE VERDICT.

The Judge Who Sentenced Walker Refused to Review the Case.

In sentencing Fleet Walker, the Wellsville B-laire mail agent who was convicted at Columbus of opening letters, to serve one year in the Miami county jail and pay the cost of prosecution, the presiding judge remarked that he approved of the verdict and refused to enter upon a review of the case or advise the defendant of the consequences of wrong doing, merely stating the sentence imposed. Walker received the sentence without evidence of dissatisfaction and was placed in the Miami jail last night.

His family will make an effort to collect enough money to pay the costs in the case.

MANY DOLLARS

Have Been Spent by the Department Cutting Ice.

The street department has been much annoyed during the past few days because of ice in gutters, and no little money has been spent in cutting it out.

If the ice is not removed water flows over it, particularly on the hill streets, and the result is additional expense in keeping the paving clear. Almost all the gutters in the city are now open.

For a New Hotel.

The Knowles, Taylor and Knowles company this morning made a large shipment of ware to the Hotel Schenley at Pittsburgh. The plates are highly decorated, and in the center is a monogram of the hotel.

A shipment of supplies, to be used in the Babcocks at the Central fire station, was received by Chief Morley this morning. They were sent from Pittsburg.

SPOKE TO STUDENTS.

President Visited Booker T. Washington's School.

GOING TO MONTGOMERY TODAY.

A Grand Banquet at Atlanta, at Which Notable Men Spoke—Portion of the President's Address to the Public at the Auditorium.

TUSKEGEE, Ala., Dec. 16.—President McKinley and party arrived here this morning. The president addressed the students of the colored school that is presided over by Prof. Booker T. Washington. Later the party left for Montgomery, Ala., where they are to be the guests of the legislature and governor.

ATLANTA, Dec. 16.—The president received a number of dispatches from prominent men in all parts of the country, commending in hearty terms, his utterances Wednesday to the effect that the time had come for the nation to save the care of the graves of the Confederate soldiers.

In the beautifully decorated dining-room of the Kimball House, last night, the Atlanta peace jubilee, which brought to this city the president of the United States, several members of his cabinet and many distinguished figures of the war with Spain and resulted in utterances by the executive which have cemented hard and fast the bonds between the north and south was brought to a fitting close by an elaborate banquet. Covers were laid for 300.

Gov. Clark Howell was toastmaster. The speakers were: President McKinley, Secretary Long, Major General Snafier, Hon. George R. Peck, Hon. Stephen O'Meara, Secretary Gage, General Wheeler, General Young, Secretary Smith, Governor Johnston, Mayor Warwick of Philadelphia, his Congressman Settle and Richmond P. Hobson.

President McKinley, in his speech at the auditorium, Thursday, said in part: "Other parts of the country have had their public thanksgiving and jubilee in honor of the historic events of the past year, but nowhere has there been greater rejoicing than among the people here, the representatives of the south. I congratulate them upon their accurate observation of events, which enabled them to fix a date upon which insured them the privilege of being the first to celebrate the signing of the treaty of peace by the American and Spanish commissioners. Under hostile fire on a foreign soil, fighting in a common cause, the memory of old sacrifices has faded into history. From camp and campaign there came the magic healing which has closed ancient wounds and effaced their scars. For this result every American patriot will forever rejoice. It is no small indemnity for the south."

This government has proved itself invincible in the recent war, and out of it has come a nation which will remain indivisible forever more. No worthier contributions have been made in patriotism and in men than by the people of these southern states. When at last the opportunity came they were eager to meet it and with promptness responded to the call of country. Intrusted with the able leadership of men dear to them, who had marched with their fathers under another flag now fighting under the old flag again, they have gloriously helped to defend its spotless folds and added new luster to its shining stars. That flag has been planted in two hemispheres and there it remains, the symbol of liberty and law, of peace and progress. Who will withdraw it from the people, over whom it floats in protecting folds? Who will haul it down?

We could have avoided all the difficulties that lie across the pathway of the nation if a few months ago we had coldly ignored the pitiful appeals of the starving and oppressed mountaineers of Cuba. If we had blinded ourselves to the conditions so near our shores and turned a deaf ear to our suffering neighbors, the issue of territorial expansion in the Antilles and the East Indies would not have been raised.

But could we have justified such a course? Is there any one who would now declare another to have been the better course? With less humanity and less courage on our part, the Spanish flag, instead of the stars and stripes, would still be floating at Cavite, at Ponce and at Santiago, and a change in the race of the world would be waiting to millions of human beings who today call this nation home, and who, I trust, will live to call it blessed.

Thus far we have done our supreme duty. Shall we now, when the victory won in war is written in the treaty of peace and the civilized world applauds and awaits in expectation, turn timidly away from the duties imposed upon the country by its own great deeds, and when the misty fade and we see with clearer vision, may we not go forth rejoicing in a strength which has been employed solely for humanity and always been tempered with justice and mercy, confident of our ability to meet the exigencies which await us, because confident that our course is one of duty and our cause that of right?

General Wheeler was given a great ovation. He ennobled the president and expressed his pleasure at the reception given to Mr. McKinley by Georgia. Lieutenant Hobson responded to ovals with an impassioned speech, in which he drew the attention of his hearers not only to the bravery of the American soldiers and sailors, but to the cowardly and treachery of the enemy, especially of Admiral Cervera.

Generals Snafier and Lawton scarcely more than bowed their acknowledgments to the plaudits and the meeting closed with a short speech from Governor Johnston of Alabama.

The presidential party then drove back to their hotel. On the way the carriage in which were Generals Snafier and Lawton was run into by a street car and the two distinguished officers were thrown to the street, but neither was hurt. A public reception at the

governor's mansion had to be postponed on account of the lateness of the auditorium affair.

The Georgia legislature adopted resolutions commending the president's speech referring to federal care of Confederate dead. The resolutions approve President McKinley's course in the Spanish war.

AFTER JOHN SNODGRASS

Local Officers Searched For
Him In Toronto.

HE IS WANTED IN THIS PLACE

For Jumping His Bail Several Weeks
Ago—He Formerly Kept a Grocery Store
In the Lower River Town, and Is Very
Well Known There.

When John Snodgrass, who was arrested several weeks ago for the connection he was believed to have had with the theft of a pocketbook, failed to appear at city hall, forfeiting a bond of \$50, no one really believed the case would again appear before the public. They were mistaken, as the following from the Toronto Tribune shows:

"A reliable Toronto citizen says that East Liverpool officers had been in Toronto lately in search of John Snodgrass, whom it is alleged appropriated a purse of money, containing quite an amount, belonging to an East Liverpool party. The matter, says the citizen, has been kept quiet in the hopes of apprehending Snodgrass. The citizen further states that Snodgrass is supposed to be somewhere in the west, and has even written to his people for funds to return home. Snodgrass, it will be remembered, kept a grocery on North Fourth street, Toronto, for some months, and moved some weeks ago to East Liverpool. This is the first intimation that he has been accused of anything pertaining to dishonesty."

A relative of Snodgrass in Toronto, when told the story says: "Snodgrass was on his way to work at a pottery; another man, he said, grabbed a woman's pocketbook; Snodgrass being in the vicinity, was arrested for the crime; the woman failed to identify him, on account, it is alleged, being so badly scared that she could not identify him. It afterwards developed that attorneys intimated they could convict Snodgrass of the deed, and he (Snodgrass) skipped." The relative thinks Snodgrass can prove his innocence in the matter.

RIVER PIRATES.

They Are Reported as Having Been Arrested at Bridgeport.

A press dispatch says:

"John Seely, of Bridgeport, and Frank Johnson, of Martin's Ferry, have been arrested, charged with being members of a gang of river pirates that have operated between Sistersville and East Liverpool."

The men were arrested at Bridgeport and are well known to Sheriff Gill and Detective Moore, of the Cleveland and Pittsburg road. The men were arrested on a charge of burglary.

FOLLOWED A WOMAN.

A Drunk Who Resented Laughing by a Spectator.

Last night a drunken man fell in Franklin street, and had so much trouble in rising that a lady, who witnessed the performance, laughed heartily.

When the man finally arose he heaped upon her a tirade of abuse, from which the woman ran, the fellow following her as rapidly as possible. He was finally stopped by a pedestrian, who sent him home under penalty of arrest.

CROCKERY SHIPMENTS

Crockery shipments are not as heavy as during last week, although a large amount of ware is being sent out every day.

One well known manufacturer said he could not understand it, for he knew almost every pottery in town had as many orders on hand as they desired.

The gentleman also stated that he believed the potteries would run up to Christmas eve, trust or no trust, and the holidays would only be long enough to prepare for the new year.

WARNER'S

Let's Talk Overcoats

We have told you of the contemplated change—the adding to the firm a partner—the best fellow in town, save on one subject—he won't have my Overcoats, except I permit them to be taken up at half actual cost. Now, as they are the best Overcoats money could buy; the best skilled labor

could produce; the best to be found at the prices for which they have been selling; I strenuously object to taking half price—rather half cost price—from a partner who would perhaps want some of the very same kinds next season at the full valuations. And so I will start a sale—a sale such as has never been seen or heard of in this section of the globe. A sale which must bring in every man, young, old, stout, slim, middle weight or heavy weight, every boy, every boy's parent. A sale of every top garment in the house, at positively less than cost; some 10 per cent less, some 20 per cent less; some 33⅓ per cent less, some 50 per cent less, which, taking it right through, means that you will get the Overcoat at about half the price any competitor asks; half the price you should be paying, right in the heart of the Overcoat season.

BEGINNING with the Men's Overcoats, one hundred garments that were \$6, \$7 and \$8, will go in at the one price for absolute choice, and the sooner you come, the better the picking----- **\$5.00**

THE next on the list are two hundred Fine Melton, Covert, Beaver, Chinchilla and Kersey Overcoats, that were \$13, \$14 and \$15, from which you are invited to pick for----- **\$9.65**

THE third attraction is a gathering of our best—you all know what constitutes our best—Overcoats, worth \$16, Overcoats worth \$18, Overcoats worth \$20; Overcoats in blue, Overcoats in brown, Overcoats in black, raw edged, tailor stitched, Overcoats to which the best custom tailors in the land—the \$50 fellows—would be proud to attach their names, all in the choice at----- **\$12.98**

AND THE MAN WHO FAILS TO BUY AN OVERCOAT NOW ON ACCOUNT OF PRICE IS MOST ANXIOUS TO FREEZE, FOR HE WILL PAY ALMOST DOUBLE IF HE WAITS FOR THE USUAL JANUARY SALES.

The Boys' stock—Overcoats, Ulsters, Reefers—are to be treated no better. Beginning with **\$1.48** and ending with **\$9.65** and all between prices. Each is guaranteed to be at least 33 per cent less than you can duplicate it, or money back, which is a one-sided argument, in your favor entirely.

They Are Reported as Having Been Arrested at Bridgeport.

A press dispatch says:

"John Seeley, of Bridgeport, and Frank Johnson, of Martin's Ferry, have been arrested, charged with being members of a gang of river pirates that have operated between Sistersville and East Liverpool."

The men were arrested at Bridgeport and are well known to Sheriff Gill and Detective Moore, of the Cleveland and Pittsburg road. The men were arrested on a charge of burglary.

A Drunk Who Resented Laughing by a Spectator.

Last night a drunken man fell in Franklin street, and had so much trouble in rising that a lady, who witnessed the performance, laughed heartily.

When the man finally arose he heaped upon her a tirade of abuse, from which the woman ran, the fellow following her as rapidly as possible. He was finally stopped by a pedestrian, who sent him home under penalty of arrest.

Crockery shipments are not as heavy as during last week, although a large amount of ware is being sent out every day.

One well known manufacturer said he could not understand it, for he knew almost every pottery in town had as many orders on hand as they desired.

The gentleman also stated that he believed the potteries would run up to Christmas eve, trust or no trust, and the holidays would only be long enough to prepare for the new year.

Let's Talk Over- coats

We have told you of the contemplated change—the adding to the firm a partner—the best fellow in town, save on one subject—he won't have my Overcoats, except I permit them to be taken up at half actual cost. Now, as they are the best Overcoats money could buy; the best skilled labor

could produce; the best to be found at the prices for which they have been selling; I strenuously object to taking half price—rather half cost price—from a partner who would perhaps want some of the very same kinds next season at the full valuations. And so I will start a sale—a sale such as has never been seen or heard of in this section of the globe. A sale which must bring in every man, young, old, stout, slim, middle weight or heavy weight, every boy, every boy's parent. A sale of every top garment in the house, at positively less than cost; some 10 per cent less, some 20 per cent less; some 33 1/3 per cent less, some 50 per cent less, which, taking it right through, means that you will get the Overcoat at about half the price any competitor asks; half the price you should be paying, right in the heart of the Overcoat season.

BEGINNING with the Men's Overcoats, one hundred garments that were \$6, \$7 and \$8, will go in at the one price for absolute choice, and the sooner you come, the better the picking. **\$5.00**

THE next on the list are two hundred Fine Melton, Covert, Beaver, Chinchilla and Kersey Overcoats, that were \$13, \$14 and \$15, from which you are invited to pick for. **\$9.65**

THE third attraction is a gathering of our best—you all know what constitutes our best—Overcoats, worth \$16, Overcoats worth \$18, Overcoats worth \$20; Overcoats in blue, Overcoats in brown, Overcoats in black, raw edged, tailor stitched, Overcoats to which the best custom tailors in the land—the \$50 fellows—would be proud to attach their names, all in the choice at. **\$12.98**

AND THE MAN WHO FAILS TO BUY AN OVERCOAT NOW ON ACCOUNT OF PRICE IS MOST ANXIOUS TO FREEZE, FOR HE WILL PAY ALMOST DOUBLE IF HE WAITS FOR THE USUAL JANUARY SALES.

The Boys' stock—Overcoats, Ulsters, Reefers—are to be treated no better. Beginning with **\$1.48** and ending with **\$9.65** and all between prices. Each is guaranteed to be at least 33 per cent less than you can duplicate it, or money back, which is a one-sided argument, in your favor entirely.

AFTER JOHN SNODGRASS

Local Officers Searched For
Him In Toronto.

HE IS WANTED IN THIS PLACE

For Jumping His Bail Several Weeks
Ago—He Formerly Kept a Grocery Store
In the Lower River Town, and Is Very
Well Known There.

When John Snodgrass, who was arrested several weeks ago for the connection he was believed to have had with the theft of a pocketbook, failed to appear at city hall, forfeiting a bond of \$50, no one really believed the case would again appear before the public. They were mistaken, as the following from the Toronto Tribune shows:

"A reliable Toronto citizen says that East Liverpool officers had been in Toronto lately in search of John Snodgrass, whom it is alleged appropriated a purse of money, containing quite an amount, belonging to an East Liverpool party. The matter, says the citizen, has been kept quiet in the hopes of apprehending Snodgrass. The citizen further states that Snodgrass is supposed to be somewhere in the west, and has even written to his people for funds to return home. Snodgrass, it will be remembered, kept a grocery on North Fourth street, Toronto, for some months, and moved some weeks ago to East Liverpool. This is the first intimation that he has been accused of anything pertaining to dishonesty."

A relative of Snodgrass in Toronto, when told the story says: "Snodgrass was on his way to work at a pottery; another man, he said, grabbed a woman's pocketbook; Snodgrass being in the vicinity, was arrested for the crime; the woman failed to identify him, on account, it is alleged, being so badly scared that she could not identify him. It afterwards developed that attorneys intimated they could convict Snodgrass of the deed, and he (Snodgrass) skipped." The relative thinks Snodgrass can prove his innocence in the matter.

THE THREE CONVICTED

For Stealing That Harness and Buggy.

PATTERSON GIVEN A TERM

The Others Will Be Disposed of Later--No New Trial in the Deacon Case, but It Will Go to Circuit Court--An Old Judgment Revived at Lisbon.

Lisbon, Dec. 16.—[Special]—Judge Kennedy overruled the motion for a new trial in the case of the East End Pottery company against Joseph Deacon. The defendant excepted, and the case will go to circuit court.

In the case of I. B. Cameron against O. N. Schmick, of Leetonia, Judge Kennedy decided in favor of the defendant. Mr. Cameron will appeal to circuit court.

Elizabeth Kyser secured judgment against Charles Mitchell Oct. 7, 1889, for \$190 and costs. The judgment having become dormant it was revived yesterday for the full amount.

Some time ago W. R. Lawson filed a petition against James Hill and others to quiet title to lots 213 14 15 in Wells ville. The title and possession have been found to be in him, and he is ordered to sell the same to pay the bequests of R. A. Hill, of whose estate he is administrator.

The motion for a new trial in the Kelly and Van Kirk case, alleged for robbery, was overruled.

John Patterson, William Whitney and Ollie Downard were found guilty of stealing the buggy and harness belonging to J. E. Kennedy, of Wellsville. Last night Patterson was sentenced to 30 days in the Canton workhouse and pay \$50 and costs. On the witness stand he had confessed to stealing the buggy and harness himself and tried to shield the others by saying they had met him away from the stable, and not knowing he had stolen the outfit, had ridden with him to Smithfield. The jury evidently did not believe him. The others will be sentenced this afternoon.

James Clunk, of near Lisbon, an old soldier, received his pension a few days ago, and after paying a few debts had \$12 left. He spent an afternoon in a Lisbon saloon and then claimed he mislaid his money. Yesterday a warrant was issued for the arrest of W. L. Brown, a colored man, claiming he had stolen the money. Square Riddle heard the case last night and released Brown.

The origin of the necklace was the chain which marked slavery. In ancient days they honored a slave by giving him or her fetters of gold, and so the necklace grew to be an ornament. The necklace, as we sell it, is the most beautiful ornament a woman can wear.

In the line of optical goods we reign supreme in East Liverpool, and can furnish you with goods which cannot fail in giving you delight and fullest satisfaction. Our prices are very reasonable. In this department you will find very desirable presents for friends or relatives.

In watches, fancy clocks, rings, charms, novelties, gold, silver and plated ware we stand at the head and front. We will furnish you beautiful diamond rings and studs equal to any the market affords. See us before you make your purchases

THE THREE CONVICTED

For Stealing That Harness and Buggy.

PATTERSON GIVEN A TERM

The Others Will Be Disposed of Later—No New Trial in the Deacon Case, but It Will Go to Circuit Court—An Old Judgment Revived at Lisbon.

Lisbon, Dec. 16.—[Special].—Judge Kennedy overruled the motion for a new trial in the case of the East End Pottery company against Joseph Deacon. The defendant excepted, and the case will go to circuit court.

In the case of I. B. Cameron against C. N. Schmick, of Leetonia, Judge Kennedy decided in favor of the defendant. Mr. Cameron will appeal to circuit court.

Elizabeth Kyser secured judgment against Charles Mitchell Oct. 7, 1889, for \$190 and costs. The judgment having become dormant it was revived yesterday for the full amount.

Some time ago W. R. Lawson filed a petition against James Hill and others to quiet title to lots 213 14 15 in Wells ville. The title and possession have been found to be in him, and he is ordered to sell the same to pay the bequests of R. A. Hill, of whose estate he is administrator.

The motion for a new trial in the Kelly and Van Kirk case, alleged fur robbers, was overruled.

John Patterson, William Whitney and Ollie Downard were found guilty of stealing the buggy and harness belonging to J. E. Kennedy, of Wellsville. Last night Patterson was sentenced to 90 days in the Canton workhouse and pay \$50 and costs. On the witness stand he had confessed to stealing the buggy and harness himself and tried to shield the others by saying they had met him away from the stable, and not knowing he had stolen the outfit, had ridden with him to Smithfield. The jury evidently did not believe him. The others will be sentenced this afternoon.

James Clunk, of near Lisbon, an old soldier, received his pension a few days ago, and after paying a few debts had \$12 left. He spent an afternoon in a Lisbon saloon and then claimed he missed his money. Yesterday a warrant was issued for the arrest of W. L. Brown, a colored man, claiming he had stolen the money. Squire Riddle heard the case last night and released Brown.

Joseph Bros.' fine neckwear for the holidays is the talk of the town.

Are you hunting for slippers, the nicest manufactured? Dandy Xmas presents? If so, read Warner's ads and then call at his Diamond shoe headquarters. Best and most fashionable goods, at lowest prices.

Frank, Shumaker & Co. are showing the finest line of holiday slippers in the city.

In a Dangerous Place.

The lighter which the Keystone State used in making the trip from Pittsburg to this place last Monday is still tied in at the Broadway wharf. It is surrounded by ice, and should a rise come suddenly there is no doubt but what the craft would be somewhat damaged.

EAST LIVERPOOL, O., FRIDAY, DEC. 16.

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

THERE are rumors and rumors of the probable candidacy of General Grosvenor for the position of governor, but few bear the stamp of reliability. He is a good man in the position he now occupies, and even his friends seem more anxious for him to occupy a seat in the capitol at Washington than rule from a desk in the capitol at Columbus.

THE TRUST.

The incorporation of the American Potteries company means what the News Review has believed from the start—that the trust would be something more than a bunch of glittering generalities before the first of the year. There were reasons for its formation, at least the manufacturing potters looked at it in that light, and they will now be given an opportunity to learn whether the manufacture of pottery can be carried on by this gigantic corporation more profitably than by individual concerns. From the facts already known there is no reason whatever to believe that East Liverpool will suffer to any considerable degree, if at all. On the other hand, it may mean greater things for the pottery center of America.

GOOD ROADS.

In spite of excellent sleighing and freezing weather the people of Columbiana county see anything but a pleasant prospect for the time beginning with the last month of winter. The roads will be bad, and it is predicted they will be worse than ever. They were never good, but each year seems to add to their uselessness as a basis for travel. Thousands of dollars are spent on them annually, but it does no good. The supervisor, who often knows as much of good roads as he does of the inner secrets of the Chinese court, digs a ditch on each side, perhaps only on one side, throws the dirt in the center of the highway and expects the result to be a good road. It is a display of ignorance, not the fault altogether of the supervisor for he does not pretend to know the science of road making; but it is the fault of the people of Ohio who will year after year permit the existence of this miserable system of road repairing and this splendid system of squandering money.

There is a remedy, and it should be seized upon without further expensive delay. Let the public highway system of every county be placed in charge of a competent civil engineer and give him money with which to build a given number of miles each year. The amount need not be large, but it should be large enough to provide for the completion of the work laid out during the months when the weather will permit of road construction that will not be in need of repairs every time the frost comes from the ground.

Had this system been adopted 25 years ago and, we will say, five miles of pike been constructed in Columbiana county each year since that time, the people of East Liverpool would not look upon a visit to almost every other town in the county as a hardship and agricultural interests would have been saved vast sums of money. However, there is now no excuse for crying after the milk that has been spilled, but it is nevertheless the duty of the county to take up the question of good roads and carry it to a successful issue with the least possible delay.

THE ESPECIAL ADVANTAGES

Of Insuring in the Western and Southern Life Insurance Company Are:

It furnishes for the money paid larger benefits than any other similar company. It is located in Ohio, which is the only State requiring an official examination of its life companies to be made annually.

Its investments are required by law to be made only in government bonds, mortgages upon real estate worth double the amount loaned thereon, exclusive of buildings, and loans upon its own policies to the amount of the reserve value thereof. Companies of other States are allowed to loan upon a much wider and less safe class of securities.

It is required by State law to hold, for the protection of its policy holders, a reserve fund upon the basis of four per cent., the highest standard known in the United States.

Its policies are incontestable after three annual payments, except as to age or fraud.

Its stockholders, by State law are liable for double the amount of their stock. Policies are issued upon either whole life or twenty years' endowment plan.

Policies issued by the Western and Southern are in immediate benefit, and provide for liberal paid-up values after having been in force five or more years.

Prompt payment of claims is absolutely guaranteed, \$100,000.00 being on deposit with the State Treasurer for the sole protection of policy holders.

Consult any of our agents for rates of Whole Life or Endowment Policies. Branch office 1417 block.

EAST LIVERPOOL, O., FRIDAY, DEC. 16.

UNION PAPERS.

All Union papers of East Liverpool are
known to the various craft and unions of
the city by the printing of the above
Union Labels at the head of their columns

THERE are rumors and rumors of the
probable candidacy of General Gros-
venor for the position of governor, but
few bear the stamp of reliability. He is
a good man in the position he now occu-
pies, and even his friends seem more
anxious for him to occupy a seat in the
capitol at Washington than rule from a
desk in the capitol at Columbus.

THE TRUST.

The incorporation of the American
Potteries company means what the
News Review has believed from the
start—that the trust won't be something
more than a bunch of glittering gener-
alities before the first of the year. There
were reasons for its formation, at least
the manufacturing potters looked at it
in that light, and they will now be given
an opportunity to learn whether the
manufacture of pottery can be carried
on by this gigantic corporation more
profitably than by individual concerns.
From the facts already known there is
no reason whatever to believe that East
Liverpool will suffer to any considerable
degree, if at all. On the other hand, it
may mean greater things for the pottery
center of America.

GOOD ROADS.

In spite of excellent sleighing and
freezing weather the people of Columbi-
ana county see anything but a pleasant
prospect for the time beginning with the
last month of winter. The roads will
be bad, and it is predicted they will be
worse than ever. They were never
good, but each year seems to add to
their uselessness as a basis for travel.
Thousands of dollars are spent on them
annually, but it does no good. The
supervisor, who often knows as much of
good roads as he does of the inner
secrets of the Chinese court, digs a
ditch on each side, perhaps only on one
side, throws the dirt in the center of
the highway and expects the result to
be a good road. It is a display of ignor-
ance, not the fault altogether of the
supervisor for he does not pretend to
know the science of road making; but
it is the fault of the people of Ohio who
will year after year permit the exist-
ence of this miserable system of road
repairing and this splendid system of
squandering money.

There is a remedy, and it should be
seized upon without further expensive
delay. Let the public highway system
of every county be placed in charge of a
competent civil engineer and give him
money with which to build a given
number of miles each year. The amount
need not be large, but it should be large
enough to provide for the completion of
the work laid out during the months
when the weather will permit of road
construction that will not be in need of
repairs every time the frost comes from
the ground.

Had this system been adopted 25 years
ago and, we will say, five miles of pike
been constructed in Columbiana county
each year since that time, the people of
East Liverpool would not look upon a
visit to almost every other town in the
county as a hardship and agricultural
interests would have been saved vast
sums of money. However, there is now
no excuse for crying after the milk that
has been spilled, but it is nevertheless
the duty of the county to take up the
question of good roads and carry it to a
successful issue with the least possible
delay.

 Looking Into the Requirements and Each One Hoping He Will Secure the Coveted Position—Sleighting Parties Going and Coming—All the News.

Council last night passed the sewer bond ordinance in a very few minutes. President Michaels and members Bowers, Goetz, Stevenson, Cooper and Johnston were present at 7 o'clock, and the ordinance was quickly placed on its third reading and passed.
 The meeting had adjourned before the usual time for beginning work.

Sleighting Parties.
 There were a number of sleighting parties last night.
 One crowd of 25 went to Glasgow, and on their return stopped at the residence of John Hinds and had an oyster supper, arriving in town about 1:30 o'clock.
 Another party drove out to Irondale, and returned at an early hour.
 A sleighting crowd last night stopped at the home of Ernest Redmonds, corner Third and Main streets.

AFTER AN ALLIGATOR.
 George Morton Is Enjoying Sport In the South.
 A letter received from George Morton, who is spending the winter at Mt. Dora, Fla., says that he is enjoying his visit immensely.
 Mr. Morton's well known propensities for hunting and fishing have led him into all sorts of places in the vicinity of his residence, and he has enjoyed splendid sport. One day he found a 14 foot alligator, but as he was only armed with a shotgun the old fellow escaped. Mr. Morton has expressed his determination to go after the alligator with a rifle, and it is not at all improbable that the gentleman's friends here will soon learn of there being one less alligator in Florida.

 Superintendent McKeehan, of the light plant, has again started the pump which was placed in the plant after the well was drilled last year.
 A condenser, received at the plant several weeks ago, has been placed in position, and yesterday the pump was started. The water after it goes through the condenser is stored in the large tank erected for that purpose when the well was drilled.

 River matters are at a standstill. The stream is getting lower and lower and the ice is growing heavier every day. No boats are running, it being reported that even the pool boats can make no headway in the upper pools, where the ice is said to be over four inches thick in many places. The loose ice in the Monongahela is nearly all gone, but should a thaw come the stream will be full of it. The Allegheny is still putting out heavy ice.

Reverend Swift Being the Pastor Who Officiated—Sons and Daughters of the Unfortunate Man Say They Knew Nothing of His Condition.

The county did not pay the funeral expenses of A. T. McIlhanev, the old man who died yesterday while in the care of the infirmary directors.
 Two sons, who reside in Pennsylvania, and the two daughters who live here, paid all the expenses of the funeral and the body was interred in Riverview cemetery this afternoon at 2 o'clock, Reverend Swift officiating. The children of Mr. McIlhanev did not know of his distress, as he was too proud to tell them. They supposed he was working steadily as they received word from him every few weeks. They were much surprised when they received news of his death.

DUFFORD TAKEN BACK

Chief Dye, of Marietta, Came After Him.

HIS HE, TOO, WAS ROBBED

The Watch Which He Is Charged With Taking Having Been Stolen From Him, Together With All the Money He Then Had.

Jake H. Dye, chief of police of Marietta, arrived in the city last evening, and this morning returned to his town having in custody Philip Dufford. Dufford yesterday told the authorities that the crime, stealing a watch, which he is supposed to have committed, was done while he was under the influence of liquor, and that shortly afterward he was robbed of the watch and all the money he had with him. Detective Moore of the Cleveland and Pittsburg road, had a lengthy conversation with Chief Dye at the station this morning about several well-known criminals, and it is very probable that a number of arrests will be made within a few days.

SEASON CLOSED.

No More Bird Shooting until Next November.

The state law is very plain concerning this matter, and persons who violate it are liable to a fine of not less than \$25 nor more than \$100. If they refuse to pay, a jail sentence of 30 days can be imposed.

DUFFORD TAKEN BACK

Chief Dye, of Marietta, Came After Him.

SAYS HE, TOO, WAS ROBBED

The Watch Which He Is Charged With Taking Having Been Stolen From Him, Together With All the Money He Then Had.

Jake H. Dye, chief of police of Marietta, arrived in the city last evening, and this morning returned to his town having in custody Philip Dufford. Dufford yesterday told the authorities that the crime, stealing a watch, which he is supposed to have committed, was done while he was under the influence of liquor, and that shortly afterward he was robbed of the watch and all the money he had with him. Detective Moore of the Cleveland and Pittsburg road, had a lengthy conversation with Chief Dye at the station this morning about several well-known criminals, and it is very probable that a number of arrests will be made within a few days.

SEASON CLOSED.

The state law is very plain concerning this matter, and persons who violate it are liable to a fine of not less than \$25 nor more than \$100. If they refuse to pay, a jail sentence of 30 days can be imposed.

EVENING NEWS REVIEW.

14TH YEAR. NO. 161.

EAST LIVERPOOL, O., FRIDAY, DEC. 16, 1898.

TWO CENTS

TOOK OUT THE CHARTER

American Potteries Company
Is a Reality.

NEW YORK BANKERS NAMED

is the Document as Incorporators—Colonel Taylor is in New York—something about the Men Who Are Behind the Gigaantic Corporation.

As was announced exclusively in the NEWS REVIEW yesterday, the American Potteries' company is now a reality, and the negotiations that have long been in progress have resulted in the combination of interests so earnestly desired by manufacturing potters. The following press dispatch tells the story:

"Articles of incorporation of the American Potteries' company, with an authorized capital of \$27,000,000, were filed today with the secretary of state. One-half the stock is to be preferred, with 7 per cent dividends, and the remainder common. The incorporators are: Charles H. King and E. F. Charles, of Jersey City, and T. Frank Farrell, of New York."

Col. John N. Taylor, of this city, who will be president of the great company, has been in New York since last Saturday, and had not arrived home this morning. He has been aiding in the final arrangements for the organization of the company.

It has been known for several days that Promotor Tapscott had succeeded in obtaining the number of potteries required by his calculations to make the company a success, and interested parties so fortunate as to know the particulars have been anxiously awaiting the announcement that the company had been chartered. However, they kept their own counsel and even today had nothing to say.

John R. Dospesos, a famous attorney of New York who has made millions from the practice of his profession, is a leading spirit in the enterprise, and represented the stock at the conference held in New York a few weeks ago. He is a shrewd business man, and was well acquainted with the subject in hand when he talked with local manufacturers concerning the price they had put on their plants. The men mentioned as being the organizers of the company, those to whom the charter was granted, are bankers of New York City, who have money in the project.

From the best information obtainable it is learned that the company will take charge of all plants in the combination the first of the year, and business will be pushed from the start. A meeting will be held soon afterward, and the directors will be chosen. There are several opinions as to the representation of East Liverpool on the board, but it is thought the president and one other manufacturer will make up the number. The directors will elect officers, and as soon as possible they will enter upon their duties. Every pottery in town has orders on hand, and the business can go on without interruption.

N. A. Frederick, of the Globe, and Monroe Patterson, of the East Liverpool, returned from the east this morning. When questioned about the trust, Mr. Patterson said:

"We have not been in New York for several days, but went down to Washington to see if we could not trade some of our stock for a Philippine island, but the President seemed to have divined our intentions, for he left the day before for Atlanta."

THE LAUGHLIN IN.

Its Representatives This Afternoon Signed the Papers Placing it in the Trust.

The Laughlin China company, whose representatives have been in New York since yesterday conferring with the trust promoters today signed the necessary papers, and that plant is now a part of the big company.

Negotiations were also closed with the Croxall company.

A Train Wrecked.

The broken axle of a freight car at-

tached to train 88, east bound, caused a slight wreck near the Harker pottery this morning. The wreck train from Wellsville was called out and the track was cleared within a short time.

SPOILED THE SHOW.

The Professor Forgot His Part of the Business.

A short time ago a young man of the city became convinced that he was endowed with mesmeric powers, and after searching for some time for a backer at last secured one and his company began business.

The young man who was to act as hypnotist was heralded as Professor K-ly, and his wonderful powers were advertised as extraordinary feats. A short trip was arranged, and the show began business in Irondale under the most flattering conditions, but it came to grief at once.

The doors were opened at the proper time, but a small crowd appeared, and although the management saw they would make no money it was decided to go ahead with the performance. Several subjects were procured from the audience and the professor prepared to hypnotize them, but his powers had fled and try as he would he was unable to mesmerise a person.

The show was at once pronounced a failure by the audience, and the professor and his backer lost no time in returning to this city with the remnants of their theatrical venture.

GO TO THE MAYOR.

If You Have a Complaint Take It to the Authorities.

MR. EDITOR:—I notice in the REVIEW different articles in regard to selling liquor on Sunday, gambling, etc.

The writer of this article believes that there is some of this work going on, but he has no positive proof of the matter. If he had, or if he knew that this well posted lady and this prominent business man claim to know, he would not publish it in a city paper, but he would go direct to the mayor or some of his police force and give them what information he had.

We believe the mayor and at least a majority of the police force are honestly endeavoring to do their official duty. Why should not all honest, fair minded citizens give them that aid and encouragement that they justly deserve?

The writer did not vote for C. F. Bough for mayor. He is a straight out Republican in politics, believing in honest, clean government, and in fair dealing with his fellow man, and therefore writes in saying "Turn on the light."

Yes, turn on the SEARCH LIGHT.

JUSTICE.

APPROVED THE VERDICT.

The Judge Who Sentenced Walker Refused to Review the Case.

In sentencing Fleet Walker, the Wellsville Bellaire mail agent who was convicted at Columbus of opening letters, to serve one year in the Miami county jail and pay the cost of prosecution, the presiding judge remarked that he approved of the verdict and refused to enter upon a review of the case or advise the defendant of the consequences of wrong doing, merely stating the sentence imposed. Walker received the sentence without evidence of dissatisfaction and was placed in the Miami jail last night.

His family will make an effort to collect enough money to pay the costs in the case.

MANY DOLLARS

Have Been Spent by the Department Cutting Ice.

The street department has been much annoyed during the past few days because of ice in gutters, and no little money has been spent in cutting it out.

If the ice is not removed water flows over it, particularly on the hill streets, and the result is additional expense in keeping the paving clear. Almost all the gutters in the city are now open.

For a New Hotel.

The Knowles, Taylor and Knowles company this morning made a large shipment of ware to the Hotel Schenley at Pittsburg. The plates are highly decorated, and in the center is a monogram of the hotel.

Received Supplies.

A shipment of supplies, to be used in the Babcocks at the Central fire station, was received by Chief Morley this morning. They were sent from Pittsburg.

SPOKE TO STUDENTS.

President Visited Booker T. Washington's School.

GOING TO MONTGOMERY TODAY.

A Grand Banquet at Atlanta, at Which Notable Men Spoke—Portion of the President's Address to the Public at the Auditorium.

TUSKEGEE, Ala., Dec. 16.—President McKinley and party arrived here this morning. The president addressed the students of the colored school that is presided over by Prof. Booker T. Washington. Later the party left for Montgomery, Ala., where they are to be the guests of the legislature and governor.

ATLANTA, Dec. 16.—The president received a number of dispatches from prominent men in all parts of the country, commending in hearty terms, his utterances Wednesday to the effect that the time had come for the nation to share the care of the graves of the Confederate soldiers.

In the beautifully decorated dining-room of the Kimball House, last night, the Atlanta peace jubilee, which brought to this city the president of the United States, several members of his cabinet and many distinguished figures of the war with Spain and resulted in utterances by the executive which have cemented hard and fast the bonds between the north and south was brought to a fitting close by an elaborate banquet. Covers were laid for 300.

Lon. Clark Howell was toastmaster. The speakers were: President McKinley, Secretary Long, Major General Slaughter, Hon. George R. Peck, Hon. Stephen O'Meara, Secretary Gage, General Wheeler, General Young, Secretary Smith, Governor Johnston, Mayor Warwick of Philadelphia, his Congressman Settle and a Richmond P. Hobson.

President McKinley, in his speech at the auditorium, Thursday, said in part: "Other parts of the country have had their public thanksgiving and jubilees in honor of the historic events of the past year, but nowhere has there been greater rejoicing than among the people here, the representatives of the south. I congratulate them upon their accurate observation of events, which enabled them to fix a date upon which insured them the privilege of being the first to celebrate the signing of the treaty of peace by the American and Spanish commissioners. Under hostile fire on a foreign soil, fighting in a common cause, the memory of old disagreements has faded into history. From camp and campaign there came the magic healing which has closed ancient wounds and effaced their scars. For this result every American patriot will forever rejoice. It is no small indemnity for the south."

This government has proved itself invincible in the recent war, and out of it has come a nation which will remain indivisible forever more. No worthier contributions have been made in patriotism and in men than by the people of these southern states. When at last the opportunity came they were eager to meet it and with promptness responded to the call of country. Intrusted with the able leadership of men dear to them, who had marched with their fathers under another flag, now fighting under the old flag again, they have gloriously helped to defend its shining stars and added new luster to its hemispheres. That flag has been planted in two hemispheres and there it remains, the symbol of liberty and law, of peace and progress. Who will withdraw it from the people, over whom it floats in protecting folds? Who will haul it down?

We could have avoided all the difficulties that lie across the pathway of the nation if a few months ago we had coldly ignored the piteous appeals of the starving and oppressed inhabitants of Cuba. If we had blinded our senses to the conditions so near our shores and severed a deaf ear to our suffering neighbors, the issue of territorial expansion in the Antilles and the East Indies would not have been raised.

But could we have justified such a course? Is there any one who would now declare another to have been the better course? With less humanity and less courage on our part, the Spanish flag, instead of the stars and stripes, would still be floating at Cavite, at Ponce and at Santiago, and a "change in the race of life" would be wanting to millions of human beings who today call this nation home, and who, I trust, will live to call it blessed.

Thus far we have done our supreme duty. Shall we now, when the victory won in war is written in the treaty of peace and the civilized world applauds and awaits in expectation, turn timidly away from the duties imposed upon the country by its own great deeds, and upon the minds fade and we see with clearer vision, may we not go forth rejoicing in a strength which has been employed solely for humanity and mercy, confident of our ability to meet the exigencies which await us, because confident that our course is one of duty and our cause that of right?

General Wheeler was given a great ovation. He eulogized the president and expressed his pleasure at the reception given to Mr. McKinley by Georgia. Lieutenant Hobson responded to calls with an impassioned speech, in which he drew the attention of his hearers not only to the bravery of the American soldiers and sailors, but to the cowardly and treachery of the enemy, especially of Admiral Cervera.

Generals Slaughter and Lawton scarcely more than bowed their acknowledgments to the plaudits and the meeting closed with a short speech from Governor Johnston of Alabama.

The presidential party then drove back to their hotel. On the way the carriage in which were Generals Slaughter and Lawton was run into by a street car and the two distinguished officers were thrown to the street, but neither was hurt. A public reception at the

governor's mansion had to be postponed on account of the lateness of the auditorium affair.

The Georgia legislature adopted resolutions commending the president's speech referring to federal care of Confederate dead. The resolutions approve President McKinley's course in the Spanish war.

The Association football game to have been played here tomorrow between the Rovers and the Homestead eleven has been postponed owing to the weather. The home team were confident of winning, but thought it would be best to postpone the game until the ground thawed.

DONS THEIR GUESTS.

Illinois Soldiers Breakfasted Spanish Guards.

MUTUAL COMPLIMENTS BY SIGNS.

Two Battalions of the Second Illinois Regiment Marched to Quemados Camp. Girls Placed Ribbons on the Soldiers and Wreathed Their Hats With Flowers.

HAVANA, Dec. 16.—While a detachment of the Second Illinois regiment was at breakfast on the San Jose wharf the men invited a detachment of the Spanish guard to join them. The invitation was declined at first, but finally accepted, mutual compliments passing in sign language.

Two battalions of the regiment marched to Quemados camp. From the houses along the route girls ran out to pin ribbons on the soldiers and to wreath their hats with flowers. General Lee's headquarters, an old mansion in the center of beautiful grounds, the women filled with roses.

ARMY REORGANIZATION HEARING.

Egan's Slap at the Adjutant General's Office—Ludington heard.

WASHINGTON, Dec. 16.—Before the military affairs committee of the house, at the hearing on the Hull army reorganization bill, Quartermaster General Ludington gave his views of the requirements of his office for an army of 100,000 men. He thought the men who had borne the heat and burden of the day in the regular army should be given preference in promotions over civilians and volunteers.

Congressman Cox of Tennessee observed that there had not been any "heat and burden" for the regulars for 30 years past.

Commissary General Egan gave his views. He was convinced an army of 100,000 men needed 62 officers in the department. Feeding the soldiers well he considered the first duty of the government. He did not understand why the adjutant general's office put the number at only 48. "It was done there," he said, "by some geometrical method that I cannot understand."

SAID FILIPINOS WOULD RESIST.

Agoncillo Says We Can Take Islands Only by Their Vote.

LONDON, Dec. 16.—Agoncillo, the representative of Aguinaldo, sails for New York on Saturday 10, as he alleges, "to resume his duties as representative of the Filipino government at Washington."

In an interview he said in part: "The only portion of the Spanish-American treaty which we are concerned in is the cession of the Philippines, which is illegal, as the Spaniards lost their sovereignty over the islands and the Americans cannot dispose of the future of the archipelago without consulting the Filipinos. Their consent, by popular vote, is necessary. As universal suffrage forms the basis of the American constitution, the United States cannot carry out this measure." He said the Filipinos would resist anything short of independence.

Proving Dubbs an Imbecile.

STEVENSVILLE, Dec. 16.—The defense in the Dubbs murder trial is proving a strong case of imbecility for the accused. Dr. W. H. Nelson stated that Dubbs told him in jail that he confessed to murdering the girl to get in somewhere out of the cold; that he could get enough to eat there, and he did not always get enough food outside.

AFTER JOHN SNODGRASS

Local Officers Searched For
Him In Toronto.

HE IS WANTED IN THIS PLACE

For Jumping His Bail Several Weeks
Ago—He Formerly Kept a Grocery Store
In the Lower River Town, and Is Very
Well Known There.

When John Snodgrass, who was arrested several weeks ago for the connection he was believed to have had with the theft of a pocketbook, failed to appear at city hall, forfeiting a bond of \$50, no one really believed the case would again appear before the public. They were mistaken, as the following from the Toronto Tribune shows:

"A reliable Toronto citizen says that East Liverpool officers had been in Toronto lately in search of John Snodgrass, whom it is alleged appropriated a purse of money, containing quite an amount, belonging to an East Liverpool party. The matter, says the citizen, has been kept quiet in the hopes of apprehending Snodgrass. The citizen further states that Snodgrass is supposed to be somewhere in the west, and has even written to his people for funds to return home. Snodgrass, it will be remembered, kept a grocery on North Fourth street, Toronto, for some months, and moved some weeks ago to East Liverpool. This is the first intimation that he has been accused of anything pertaining to dishonesty."

A relative of Snodgrass in Toronto, when told the story says: "Snodgrass was on his way to work at a pottery; another man, he said, grabbed a woman's pocketbook; Snodgrass being in the vicinity, was arrested for the crime; the woman failed to identify him, on account, it is alleged, being so badly scared that she could not identify him. It afterwards developed that attorneys intimated they could convict Snodgrass of the deed, and he (Snodgrass) skipped." The relative thinks Snodgrass can prove his innocence in the matter.

RIVER PIRATES.

They Are Reported as Having Been Arrested at Bridgeport.

A press dispatch says:

"John Seeley, of Bridgeport, and Frank Johnson, of Martin's Ferry, have been arrested, charged with being members of a gang of river pirates that have operated between Sistersville and East Liverpool."

The men were arrested at Bridgeport and are well known to Sheriff Gill and Detective Moore, of the Cleveland and Pittsburg road. The men were arrested on a charge of burglary.

FOLLOWED A WOMAN.

A Drunk Who Resented Laughing by a Spectator.

Last night a drunken man fell in Franklin street, and had so much trouble in rising that a lady, who witnessed the performance, laughed heartily.

When the man finally arose he heaped upon her a tirade of abuse, from which the woman ran, the fellow following her as rapidly as possible. He was finally stopped by a pedestrian, who sent him home under penalty of arrest.

CROCKERY SHIPMENTS

Are Not So Heavy as During Last Week.

Crockery shipments are not as heavy as during last week, although a large amount of ware is being sent out every day.

One well known manufacturer said he could not understand it, for he knew almost every pottery in town had as many orders on hand as they desired.

The gentleman also stated that he believed the potteries would run up to Christmas eve, trust or no trust, and the holidays would only be long enough to prepare for the new year.

LARGELY ATTENDED

The funeral of Charles B. Allison, who died Tuesday night at his home in Third street, was held this afternoon at 2:30 o'clock. The services were largely attended, Osceola council, Degree of Pocahontas, and the order of Red Men, of which deceased was a member, were present. WARNER'S

Let's Talk Over- coats

We have told you of the contemplated change—the adding to the firm a partner—the best fellow in town, save on one subject—he won't have my Overcoats, except I permit them to be taken up at half actual cost. Now, as they are the best Overcoats money could buy; the best skilled labor

could produce; the best to be found at the prices for which they have been selling; I strenuously object to taking half price—rather half cost price—from a partner who would perhaps want some of the very same kinds next season at the full valuations. And so I will start a sale—a sale such as has never been seen or heard of in this section of the globe. A sale which must bring in every man, young, old, stout, slim, middle weight or heavy weight, every boy, every boy's parent. A sale of every top garment in the house, at positively less than cost; some 10 per cent less, some 20 per cent less; some 33 1/3 per cent less, some 50 per cent less, which, taking it right through, means that you will get the Overcoat at about half the price any competitor asks; half the price you should be paying, right in the heart of the Overcoat season.

BEGINNING with the Men's Overcoats, one hundred garments that were \$6, \$7 and \$8, will go in at the one price for absolute choice, and the sooner you come, the better the picking----- **\$5.00**

THE next on the list are two hundred Fine Melton, Covert, Beaver, Chinchilla and Kersey Overcoats, that were \$13, \$14 and \$15, from which you are invited to pick for----- **\$9.65**

THE third attraction is a gathering of our best—you all know what constitutes our best—Overcoats, worth \$16, Overcoats worth \$18, Overcoats worth \$20; Overcoats in blue, Overcoats in brown, Overcoats in black, raw edged, tailor stitched, Overcoats to which the best custom tailors in the land—the \$50 fellows—would be proud to attach their names, all in the choice at----- **\$12.98**

AND THE MAN WHO FAILS TO BUY AN OVERCOAT NOW ON ACCOUNT OF PRICE IS MOST ANXIOUS TO FREEZE, FOR HE WILL PAY ALMOST DOUBLE IF HE WAITS FOR THE USUAL JANUARY SALES.

The Boys' stock—Overcoats, Ulsters, Reefers—are to be treated no better. Beginning with **\$1.48** and ending with **\$9.65** and all between prices. Each is guaranteed to be at least 33 per cent less than you can duplicate it, or money back, which is a one-sided argument, in your favor entirely.

THE THREE CONVICTED

PATTERSON GIVEN A TERM

The Others Will Be Disposed of Later—No New Trial in the Deacon Case, but It Will Go to Circuit Court—An Old Judgment Revived at Lisbon.

LISBON, Dec. 16.—[Special].—Judge Kennedy overruled the motion for a new trial in the case of the East End Pottery company against Joseph Deacon. The defendant excepted, and the case will go to circuit court.

In the case of I. B. Cameron against O. N. Schmick, of Leetonia, Judge Kennedy decided in favor of the defendant. Mr. Cameron will appeal to circuit court.

Elizabeth Kyser secured judgment against Charles Mitchell Oct. 7, 1889, for \$190 and costs. The judgment having become dormant it was revived yesterday for the full amount.

Some time ago W. R. Lawson filed a petition against James Hill and others to quiet title to lots 213 14 15 in Wells ville. The title and possession have been found to be in him, and he is ordered to sell the same to pay the bequests of R. A. Hill, of whose estate he is administrator.

The motion for a new trial in the Kelly and Van Kirk case, alleged for robbery, was overruled.

John Patterson, William Whitney and Ollie Downard were found guilty of stealing the buggy and harness belonging to J. E. Kennedy, of Wellsville. Last night Patterson was sentenced to 30 days in the Canton workhouse and pay \$50 and costs. On the witness stand he had confessed to stealing the buggy and harness himself and tried to shield the others by saying they had met him away from the stable, and not knowing he had stolen the outfit, had ridden with him to Smithfield. The jury evidently did not believe him. The others will be sentenced this afternoon.

James Clunk, of near Lisbon, an old soldier, received his pension a few days ago, and after paying a few debts had \$72 left. He spent an afternoon in a Lisbon saloon and then claimed he missed his money. Yesterday a warrant was issued for the arrest of W. L. Brown, a colored man, claiming he had stolen the money. Squ re Riddle heard the case last night and released Brown.

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

There are rumors and rumors of the probable candidacy of General Grosvenor for the position of governor, but few bear the stamp of reliability. He is a good man in the position he now occupies, and even his friends seem more anxious for him to occupy a seat in the capitol at Washington than rule from a desk in the capitol at Columbus.

THE TRUST.
The incorporation of the American Pottery company means what the News Review has believed from the start—that the trust would be something more than a bunch of glittering generalities before the first of the year. There were reasons for its formation, at least the manufacturing potters looked at it in that light, and they will now be given an opportunity to learn whether the manufacture of pottery can be carried on by this gigantic corporation more profitably than by individual concerns. From the facts already known there is no reason whatever to believe that East Liverpool will suffer to any considerable degree, if at all. On the other hand, it may mean greater things for the pottery center of America.

GOOD ROADS.
In spite of excellent sleighing and freeing weather the people of Columbiana county see anything but a pleasant prospect for the time beginning with the last month of winter. The roads will be bad, and it is predicted they will be worse than ever. They were never good, but each year seems to add to their uselessness as a basis for travel. Thousands of dollars are spent on them annually, but it does no good. The supervisor, who often knows as much of good roads as he does of the inner secrets of the Chinese court, digs a ditch on each side, perhaps only on one side, throws the dirt in the center of the highway and expects the result to be a good road. It is a display of ignorance, not the fault altogether of the supervisor for he does not pretend to know the science of road making; but it is the fault of the people of Ohio who will year after year permit the existence of this miserable system of road repairing and this splendid system of squandering money.
There is a remedy, and it should be seized upon without further expensive delay. Let the public highway system of every county be placed in charge of a competent civil engineer and give him money with which to build a given number of miles each year. The amount need not be large, but it should be large enough to provide for the completion of the work laid out during the months when the weather will permit of road construction that will not be in need of repairs every time the frost comes from the ground.
Had this system been adopted 25 years ago and, we will say, five miles of pike been constructed in Columbiana county each year since that time, the people of East Liverpool would not look upon a visit to almost every other town in the county as a hardship and agricultural interests would have been saved vast sums of money. However, there is now no excuse for crying after the milk that has been spilled, but it is nevertheless the duty of the county to take up the question of good roads and carry it to a successful issue with the least possible delay.

AFTER AN ALLIGATOR.

George Morton Is Enjoying Sport In the South.

A letter received from George Morton, who is spending the winter at Mt. Dora, Fla., says that he is enjoying his visit immensely.

Mr. Morton's well known propensities for hunting and fishing have led him into all sorts of places in the vicinity of his residence, and he has enjoyed splendid sport. One day he found a 14 foot alligator, but as he was only armed with a shotgun the old fellow escaped. Mr. Morton has expressed his determination to go after the alligator with a rifle, and it is not at all improbable that the gentleman's friends here will soon learn of there being one less alligator in Florida.

FUNERAL TOOK PLACE TODAY

Reverend Swift Being the Pastor Who Officiated—Sons and Daughters of the Unfortunate Man Say They Knew Nothing of His Condition.

The county did not pay the funeral expenses of A. T. McIlhanev, the old man who died yesterday while in the care of the infirmity directors.

Two sons, who reside in Pennsylvania, and the two daughters who live here, paid all the expenses of the funeral and the body was interred in Riverview cemetery this afternoon at 2 o'clock, Reverend Swift officiating. The children of Mr. McIlhanev did not know of his distress, as he was too proud to tell them. They supposed he was working steadily as they received word from him every few weeks. They were much surprised when they received news of his death.

DUFFORD TAKEN BACK

Chief Dye, of Marietta, Came After Him.

HIS HE, TOO, WAS ROBBED

The Watch Which He Is Charged With Taking Having Been Stolen From Him, Together With All the Money He Then Had.

Jake H. Dye, chief of police of Marietta, arrived in the city last evening, and this morning returned to his town having in custody Philip Dufford. Dufford yesterday told the authorities that the crime, stealing a watch, which he is supposed to have committed, was done while he was under the influence of liquor, and that shortly afterward he was robbed of the watch and all the money he had with him. Detective Moore of the Cleveland and Pittsburgh road, had a lengthy conversation with Chief Dye at the station this morning about several well-known criminals, and it is very probable that a number of arrests will be made within a few days.

SEASON CLOSED.

If they refuse to pay, a jail sentence of 30 days can be imposed.
